

Group Ground Rules

Complete the attached document with members of your group. You may include any rule you agree upon, however; you must include specific strategies for addressing the following issues:

- Identify consequences for, and how you will address, problems with students who do not contribute to the completion of a problem because they do not attend class.
- Identify consequences for students who arrive late to class on a regular basis or is absent from class without prior notification to the group.
- Identify expectations for communicating through e-mail and using the group pages on the course site in Blackboard.
- Identify consequences for students who contribute only minimally to the completion of the problem.
- Identify what happens when a student has your group worksheet/notes/etc. and doesn't come to class.

Your group will use this document during the quarter to assure that you have the most worthwhile learning experience possible.

This document will be submitted by the end of the week and the Ground Rules will be posted on the group pages on Blackboard at the same time
